The Intelligent Key Cabinet

The Proxsafe maxx is the perfect management tool for keys, vehicles, cameras, mobile phones, tools and any item that can often annoyingly not be found when it is needed. The Proxsafe maxx can even integrate opening mechanical doors with your electronic access system.

The advantages at a glance

- Convenient fully automated roller shutter door
- Unique automated fast-track key return
- Enhanced key protection with automated cabinet closure
- Identification of Key Tags by maintenance free contact less technology
- Flexible or fixed key positions
- Suitable for keys and small valuables
- Compatible with existing systems
