## Locca Sure-Touch

The Locca Sure-Touch is a new remote locking system that provides a solution to the problem of "accessibility" that affects millions of people every day, by allowing users to enter their property at a touch of a key fob.

The Locca system can be quickly and easily installed by your local locksmith and works with existing locks.

The system emits a unique 1 in 4 billion encrypted code which changes with every press, making the system unique.

The Locca Sure-Touch is a system designed to enable the elderly or disabled to remain in their homes for longer.

Locca allows the elderly or disabled to feel confident entering and leaving their properties at all times.

Locca allows the elderly or disabled the comfort of letting in friends and family without leaving their seat

The system is affordable, secure, easy to use, and quick to install, offering the perfect solution to an everyday problem.
